## GENERAL INFORMATION

### Listen Before You Dial

Remove the receiver and listen for the dial tone—a steady humming sound. This indicates that the dial equipment is ready to take your call. Please do not dial until you hear it.

### How To Dial Another Party On Your Party Line

If you wish to know the names of the other parties on your party line, dial 114—Repair Service—give your number and ask for the other parties on your line.

If you wish to call one of the parties, dial 114—Repair Service—to obtain instructions for dialing.

Please enter the numbers given you in the ready reference list on the inside front cover of your directory.

If you experience a continual busy tone on a number you are dialing, it may be that the person you are calling is on your party line. This can be determined by dialing 114—Repair Service.

If your bell rings upon hanging up after a busy signal, it may be that the party you were dialing is on your party line. In such case your bell will continue to ring at regular intervals until your party answers. Then remove your receiver and begin conversation. If the called party does not answer, please stop the ringing by removing your receiver for a couple of seconds.

### Recording Devices

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of a recording machine connected to the telephone line. The "beep"

stops when the recorder is disconnected. Use of a recorder without this signal is not permitted.

### Party-Line Courtesy

Satisfactory party-line service depends upon the cooperative use of the service by all on the line. Please give immediate right-of-way to emergency calls.

Before you dial, make sure the line is not being used. If someone else is dialing tell him you've interrupted and hang up. If someone interrupts while you are dialing, ask the other person to hang up; then replace your telephone for a moment and dial again.

### Directory Listings

Every subscriber may be listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an extra charge.

The letter "b" following a name denotes that it is a business listing.

When you receive a new directory, we suggest that you check your listings. If they are incorrect, please call the Business Office so that we may change our records for the next issue and protect your service in the meantime.

### Bills for Service

Bills are rendered monthly and are payable upon receipt. If you pay your bill in person please bring the whole bill with you. If you pay by mail, enclose only the bill stub with your remittance.

If you wish any information about your bill, please call the Business Office (see Page 1). Bills may be paid at any Business Office of the Company. Payments may be made in person at the locations listed on Page 1.

## Answer Promptly . .

Recognize your ring and answer it promptly. It's a courtesy not only to the person calling, but also to any other party on your line whose telephone rings when yours does.

## Emergency Calls . .

If you must make an emergency call and others are talking on the line, briefly explain the situation to them. Ask them to hang up and they'll co-operate — just as you would in similar circumstances.

FRIENDLY

# Avoid a Series of Calls

If you have to make a number of calls,  
allow enough time between them for  
others on your line to use the tele-  
phone, too.
